

Confederation of Indian Industry

The Confederation of Indian Industry (CII) works to create and sustain an environment conducive to the development of India, partnering industry, Government, and civil society, through advisory and consultative processes.

CII engages closely with Government on policy issues and interfaces with thought leaders to enhance efficiency, competitiveness and business opportunities for industry through a wide portfolio of specialized services and strategic global linkages. It also provides a platform for consensus-building and networking on key issues. Extending its agenda beyond business, CII facilitates corporate initiatives for integrated and inclusive development across diverse domains.

As a developmental institution working towards India's overall growth with a special focus on India@75 in 2022, the CII theme for 2018-19, India RISE : Responsible. Inclusive. Sustainable. Entrepreneurial emphasizes Industry's role in partnering Government to accelerate India's growth and development. The focus will be on key enablers such as job creation; skill development; financing growth; promoting next gen manufacturing; sustainability; corporate social responsibility and governance and transparency.

Founded in 1895, India's premier business association around 9000 members, from the private as well as public sectors, and an indirect membership of over 300,000 enterprises from around 265 national and regional sectoral industry bodies. With 65 offices, including 9 Centres of Excellence, in India, and 10 overseas offices in Australia, China, Egypt, France, Germany, Singapore, South Africa, UAE, UK, and USA, as well as institutional partnerships with 355 counterpart organizations in 126 countries, CII serves as a reference point for Indian industry and the international business community.

**Clean Tech
ENVIRONMENT**

3-5 February
Pragati Maidan, New Delhi

2019

Country Pavilion

Germany

Gold Sponsor

Supported by

Confederation of Indian Industry (CII) has taken an initiative to host Clean Tech Environment 2019. The first edition of **Clean Tech Environment 2019** is scheduled to be held from **3-5 February 2019** at **Pragati Maidan**, New Delhi concurrently with the CII flag ship event "International Engineering and Technology Fair" (IETF).

Clean Tech Environment 2019 would be the global voice on the clean air, water & waste management and clean energy that are challenges for the country. The event will provide an excellent opportunity for governments, private sector, civil society, not-for-profit entities international organizations to come together and explore sustainable alternatives, innovative products, latest technologies and transfer of technology.

Environmental issues are one of the primary causes of disease, health issues, economic problems, global warming, greenhouse effect, unexpected climate change, long-term livelihood impact for India.

The Government of India has put a lot emphasis and has made some of the fastest progress in addressing its environmental issues and improving its environmental quality through its flagship mission like Swatch Bharat Abhiyan, Clean Ganga Mission and launch of India's first national air quality index.

KEY FOCUS SECTORS

CLEAN AIR

Technology & solutions for prevention, detection, management of airborne pollutants

CLEAN ENERGY

Leading clean energy for sustainable future

CLEAN WATER

Latest innovations in water and wastewater reuse

WASTE MANAGEMENT

Display latest technologies for waste management & recycling

WHY PARTICIPATE

CONNECT

Platform connecting businesses for a sustainable future

ENGAGE

New business opportunities for strategic planning with potential clients & partners

LEARN

Explore, develop, gain insight and market intelligence

SHOWCASE

Opportunity to showcase your latest products/services, technology and innovation

SHARE

Knowledge and opportunity to nurture outlook as well as expertise in specialized seminars and meetings

VISITOR PROFILE

Ministry of Water and Sanitation

Ministry of Environment, Forest and Climate Change

Ministry of Housing and Urban Affairs

Ministry of Rural Development

CONFERENCE

A one-day conference under Clean Tech Environment 2019 is scheduled on 4 February. The conference will bring together leading sustainability experts, business leaders, government representatives, and various stakeholders who will deliver ideas and solutions on clean air and waste management. Challenges pertaining to air pollution and waste mismanagement are increasing in cities of India. These issues need to be tackled in a comprehensive way through systematic implementation of ideas and solutions. The conference will influence the way we think and manage our environment. It will attract participants championing environmental solutions by carving achievable strategies and turning challenges into new opportunities.
