

18TH SUSTAINABILITY SUMMIT

**Strengthening Global Partnerships for
Sustainable, Equitable and Inclusive Development**

22-23 August 2023 | Hotel Le Méridien, New Delhi

Strengthening Global Partnerships for Sustainable, Equitable and Inclusive Development

The world today is in a state of continuous change. Despite several technological innovations, global population is still threatened by extreme weather events, poverty, high pollution levels, diseases and many more. The unprecedented levels of consumption present profound challenges to the wellbeing of society and natural environment. It is vital to develop positive change for the people and planet and change the 'purpose of doing business' and make profits with a greater social and environmental responsibility than ever before.

Year 2023 is a pivotal year to drive sustainability through critical conversations and collective actions. As India holds the Presidency of the G20 Summit, there is a tremendous opportunity for stakeholders across the globe to play a role in securing a better future by addressing the SDGs, navigating Net Zero emissions,

mainstreaming ESG and integrating sustainability into the value chain. Individuals, businesses, and governments are now recognising the importance of deeper collaboration through cross-sectoral partnerships and robust action in attaining a sustainable future.

CII is appointed as the B20 India Secretariat by Government of India to lead the business engagement. The 18th Sustainability Summit, a flagship event of CII is being organised as an official B20 event.

The Sustainability Summit will bring to fore ideas and thought leadership on synergistic action to navigate the transition towards sustainable development. It will build discussion on solutions and innovations to enable actions in reinforcing global commitments for a cleaner, greener, and inclusive future.

Tracks & Sessions

Circular Economy & Resource Efficiency

- Pathways to Circular Economy
- Transitioning to a Circular Plastics Economy

Climate Action

- Roadmap to Net Zero Future

ESG & Value Chain

- ESG for Business Transformation
- Supply Chain Sustainability

Changemakers In Sustainability

- Women led Development
- Corporates leading Sustainability

Inclusive Action

- CSR: Holistic approach to balanced development
- Human Rights & Global Regulations

Speaker Quotes of 17th Sustainability Summit

"With industry support, by 2030, – India can achieve 500GW renewable energy capacity and domestically manufacture 5MT of green hydrogen"

Shri Ashwini Kumar Choubey

Minister of State for Environment, Forest and Climate Change & Consumer Affairs, Food and Public Distribution, Government of India

"This Summit has the testaments to the interests of Indian industrial companies in adopting sustainable practices. And we are keen to exchange knowledge and experience with you in this domain so that together, we can fast track our respective journeys towards climate neutrality"

H. E. Mariam bint Mohammed Saeed Hareb Almheiri

Minister of Climate Change and Environment, UAE

"Climate change is no longer an academic issue, and all stakeholders need to work together to deal with an issue that threatens the existence of the planet"

Shri Sudhanshu Pandey

Secretary, Department of Food and Public Distribution, Ministry of Consumer Affairs, Food and Public Distribution, Government of India

"Business & Human Rights are integral to each other for us. Swedish companies & partners identify & manage risks to ensure application of UNGPs. In 2016, we were the first country to provide support to other countries on this. For 20 years, we have had an Ambassador for Sustainability in Sweden. We were the 6th country to adopt the UNGP framework"

H.E. Cecilia Ekholm

Ambassador for Sustainable Businesses, Ministry of Foreign Affairs, Sweden

"Denmark is a small country with less global impact, but we are joining the dots. Our green strategic partnership with India combines the scale of India and capability to scale solutions with skills of Denmark to reach the last mile"

H. E. Freddy Svane

Ambassador, Royal Danish Embassy

"Finnish companies have worked hard over the decades to become sustainable. Finland will reach carbon neutrality by 2035. We are happy to collaborate with India to create a larger impact, and create a cleaner future with India"

H.E. Ritva Koukku-Ronde

Ambassador, Embassy of Finland

"We are faced with a world witnessing extreme climatic changes & phenomena around the cities causing high economic devastation & affecting food security. Climate mitigation & adaptation require a multi-dimensional approach. Much can be done collectively. Comprehensive climate modelling and identifying of hotspots are required"

Mr Sanjiv Puri

Vice President, CII, Chairman, Advisory Council, CII-ITC Centre of Excellence for Sustainable Development and Chairman & Managing Director, ITC Ltd

Partnership Matrix

Benefits	Platinum 15 Lacs	Diamond 12 Lacs	Gold 10 Lacs	Silver 7 Lacs	Bronze 4 Lacs
