

Eco Edge is CII's certification based program that integrates sustainability in the value chains of the companies.

The Eco Edge Certificate Felicitation was held during the session 'Building Sustainable and Resilient Value Chains' on Day 1 of [hashtag #CIISustainabilitySummit](#) at New Delhi.

18 winners were felicitated, across the 3 levels of certification (Emerging, Progressive, and Trailblazer), based on the maturity of sustainability integration in their operations.

Congratulations to all the winners!
