About The Awards

CII-ITC Sustainability Awards celebrate businesses that embed sustainable practices in their strategies and processes and go much beyond to embrace community and societies in their agenda.

CII-ITC Sustainability Awards define the science of sustainability performance. Excellence in sustainability is a journey of continuous improvement in processes and results. Uniquely based on EFQM Excellence Framework, these Awards are designed for those who strive effortlessly to make sustainability their business.

The Framework is layered with over **250** questions covering governance, ecology, and social dimensions of doing business.

More than **19** years of recognising sustainable businesses, CII-ITC Sustainability Awards have become a symbol of credibility and pride for companies. Cumulatively, **1276** applied of which **444** were recognised. Limited number of applications are accepted to maintain strong competition and high standards of excellence.

CII-ITC Sustainability Awards recognise and reward excellence in businesses that are seeking ways to be more sustainable and inclusive in their activities. More than recognition, the Awards measure performance and provide detailed feedback for opportunities to excel.

In 20 glorious years, this iconic Awards has developed its reputation in the country for its rigorous processes in assessing businesses' sustainability performance and recognising them towards excellence in sustainable businesses. With each passing year, the Awards has undergone relentless transformation, set higher benchmarks and adding to its stature of being one of the most credible symbol and an established legacy on sustainability. More than just an Award it's a testament to those visionaries who have embarked this journey and strived to make a transformation for building a sustainable future.

You can apply, if you are

Operating in India, for At Least Five Years

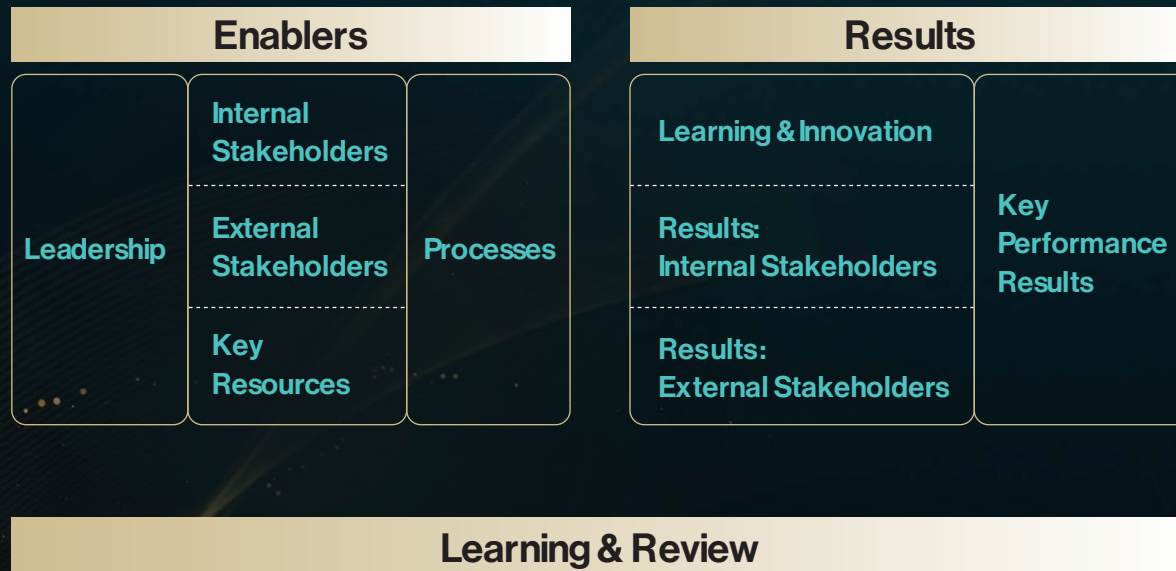

A Large, Medium, Small, Micro-sized Enterprise or Independent Unit/ Division

From Manufacturing or Service Sector

APPLY NOW

Assessment Methodology

The Awards adhere to a transparent and rigorous assessment process based on the Sustainability Excellence Assessment Model, developed using the following frameworks:

The assessment is conducted over a period of six months by a pool of CII-certified Sustainability Assessors from diverse professional backgrounds that spend approximately **1,000** man-hours per application. The result of each assessment is reviewed by a preeminent Jury, comprising of former bureaucrats, representatives of government, civil society and academia at two stages before arriving at the final decision.

- Methodology is adapted from the internationally acclaimed European Foundation for Quality Management (EFQM) approach wherein equal weight is assigned to 'Enablers' and 'Results,' indicating a cause-effect relationship

- Assessment is based on more than **250** indicators which cover 16 aspects of sustainability. The assessment has been made more comprehensive to include aspects such as Strategy, Business Ethics, Employee Development, Human Rights, Product Responsibility, Corporate Social Responsibility and Biodiversity

- For companies that do not qualify the preliminary stage, no feedback report is provided to the applicants

Feedback report is provided to the applicants in two phases. For companies that do not qualify for site visit, feedback reports are provided after desk assessments are over. This will be around November 2025

For companies that qualify for site visits, feedback reports are provided after the end of the Awards cycle. This will be around December 2025

STAGE 1

Application

- Receiving Application of Intent
- Receiving filled application document from the applicant
- Preliminary screening of the applications

Announcement of Awards

Award Categories

Corporate Excellence

This Award recognises comprehensive efforts companies make in excelling at sustainable business. It expects companies to integrate sustainability into governance, strategy, business processes, and demonstrate through results that sustainability is making an impact on its business and relevant stakeholders.

Recognitions* in Corporate Excellence

■ Business of the Year

This role model Award celebrates the company that has successfully proven a business case for sustainability and demonstrates a company-wide commitment to advancing the sustainable business agenda; not just internally but among customers, suppliers and the industry as well.

■ Outstanding Accomplishment

The Award recognises companies that have demonstrated outstanding policy, practice and results by successfully incorporating sustainability in their core business.

■ Commendation for Significant Achievement

The Award recognises companies that have demonstrated commendable results from deployment of policy and processes.

Domain Excellence

ENVIRONMENT MANAGEMENT

The Award recognises companies that have employed innovative approaches, including policy and practice to reduce their environmental impact and achieve exemplary results.

CORPORATE SOCIAL RESPONSIBILITY

This Award recognises companies that have positively impacted both business and society by taking a strategic approach to CSR through collaborative programmes with government and civil society.

BIODIVERSITY

This Award recognises companies for implementing measures related to conservation and sustainable management of biodiversity and ecosystem services in value chain.

Recognitions* in Domain Excellence

■ Excellence

The Award recognises companies that have demonstrated outstanding policy, practice and results in this domain.

■ Commendation for Significant Achievement

The Award recognises companies that have demonstrated commendable results through policy deployment and processes.

**Recognitions are based on cut-offs and deliberation of the Jury. Companies apply to Award categories and not to recognitions.*

Number of winners per category is not pre-determined and is left to the discretion of the Jury.

If applicants want to change Award category during the Aol stage, the same can be altered only during Aol stage and not at a later stage.

Application Fee

Corporate Excellence

Company / Unit Turnover (₹ Crores)	Application Fee (₹)*
>10,000	1,75,000
5000-10,000	1,55,000
500-4,999	1,35,000
50-499	75,000
<50	25,000

Domain Excellence

>10,000	1,25,000
5000-10,000	1,00,000
500-4,999	75,000
50-499	50,000
<50	20,000

* Plus GST as per Gol norms

Application fee is non-transferable and non-refundable regardless of how far applicants go in the process or whether they ultimately qualify for any recognition.

Application fee is charged to meet expenses to conduct sustainability performance of applicants. Payment of fees neither indicates nor implies any chance of winning a recognition.

All Award categories questionnaire can be downloaded from the website.

The online Awards questionnaire will only be shared upon receiving the completed Aol. Kindly note that the Aol will not be considered complete until the application fee has been received.

Applying for Corporate Excellence does not qualify the applicant for other domains. All domain applications have to be applied for separately.

All cost relating to travel, accomodation and other logistics will be borne by the applicant if they qualify for site visit.

Discounts To Avail

- **20% off** on the fee of Corporate Excellence application, if the company applies for domain excellence.
- **20% off** for repeat applicants (base year 2023) in the same Award category. In case company applies for two Award categories, discount will be provided only for one application.

- **20% off** on the fee applicable to corporate applicant if one of its unit has also applied.

*Only one discount can be availed, whichever is maximum

(2006-2024)

Testimonials from the Winners

“

This Award is indeed very special for the industry for the reason the way this assessment process is undertaken. This includes face-to-face discussions with the leadership, field visit and all-in-all one thousand hours of time spent on the assessment makes this, a special hard earned recognition. This is a platform for sharing best practices, learning and for everyone to collectively contribute to the achievement of sustainability for the country.

”

Schneider Electric India Private. Ltd.

“

I am honoured to receive the Award for Sustainable Excellence. The best part of Award is the rigour with which the CII team evaluates the whole process. I personally liked the spider chart, which gives a comparison of our organisation compared to others in the field. The feedback report helps in looking at how we can take CSR forward to make it more impactful and focus on socially responsible investing.

”

Re Sustainability Ltd.

“

The entire Award process is very participatory. The application process conducted by the CII is very professional. We appreciate the level of details which are touched at the ground level. This gives a better perspective on the efforts the company is pursuing on a sustainable basis.

”

Exide Industries Ltd

CII Certified Sustainability Assessor Programme

The CII-certified Sustainability Assessor programme is for professionals to provide services to business in the area of sustainability.

Since 2006, CESD has built a talent pool of sustainability professionals in India. This has created an exclusive club of over **600+** sustainability assessors. These assessors are competent to drive excellence in sustainability in companies.
